

## Memorandum

### Memorandum No: 15-133

**Date:** June 26, 2015

**To:** Honorable Mayor and Commissioners

**From:** Lee R. Feldman, ICMA-CM, City Manager

*SR1A For*

**Re: State Road A1A from Oakland Park Boulevard to Flamingo Avenue Construction**

---

The Florida Department of Transportation (FDOT) will begin construction of the \$13.4 million State Road A1A (SR A1A) Greenway project between Oakland Park Boulevard and Flamingo Avenue on July 26, 2015.

The project will consist of the reconstruction of the roadway to include new wider sidewalks, landscaping for shade along the sidewalks, a new pedestrian crosswalk located in proximity of the CVS pharmacy, buffered bike lanes, and a business access drive to increase safety for the patrons who currently must back out onto SR A1A.

The City partnered with the Broward Metropolitan Planning Organization (Broward MPO) and the FDOT to create a project that meets the needs of business owners, residents, and guests utilizing this corridor, and they will continue to showcase SR A1A as an attraction within the City of Fort Lauderdale.

The hardscape portion of this project is expected to be completed in May 2017, with the landscaping portion immediately following to complete the overall project.

The Maintenance of Traffic Plan includes maintaining one lane of traffic in each direction at all times. Pedestrian and bicycle accommodations will be maintained throughout construction as well as bus stops. Business access signage will be installed to direct customers to businesses during construction.

A public meeting on the upcoming construction will be held on July 22, 2015 from 6:00 pm to 8:00 pm at the Beach Community Center. FDOT will conduct outreach to the surrounding neighborhoods and businesses.
